

KERALA AYURVEDIC LIFESTYLE

Social Media Marketing Playbook

TWO TRACKS — ORGANIC & PAID

Instagram & TikTok

Facebook & WhatsApp

Content Calendar

90-Day Plan

Prepared by **Aurexis Solution**

For: Kerala Ayurvedic Lifestyle — Brickfields, Kuala Lumpur

keralaayurvediclifestyle.com.my

Playbook v1

Google Business Profile and SEO are already in place. This playbook focuses on the next lever — **social media** — with two parallel tracks: **Organic** (build an audience and trust for free) and **Paid** (buy fast reach and bookings). Every campaign is designed to plug into the tools already built into your website — the **Dosha quiz**, the **referral & voucher engine**, **WhatsApp** contact and **email** — so social effort turns directly into bookings.

Contents

1. The approach — two tracks
2. Your built-in marketing assets
3. Where to focus — platforms
4. Organic track — content system
5. Content menu & hooks
6. Paid track — ads that book
7. Campaign ideas
8. Weekly & monthly calendar
9. Metrics & targets
10. 90-day action plan

1. The approach — two tracks

Run both tracks together. Organic builds the brand and the content bank; Paid amplifies the best of it to a targeted local audience for bookings now.

ORGANIC Build trust & audience

- Cost: time, not money
- Goal: awareness, credibility, a content library
- Channels: Instagram, TikTok, Facebook, WhatsApp
- Pace: 3–5 posts / week, steady
- Wins compound over months

PAID Buy reach & bookings

- Cost: ad budget (scalable)
- Goal: fast, measurable bookings
- Channels: Meta (IG/FB) + TikTok ads, retargeting
- Pace: always-on + campaign bursts
- Boost your best organic posts

Golden rule: never run ads to a cold audience with weak creative. Post organically first, see what gets saved / shared, then put budget behind the winners.

2. Your built-in marketing assets already live — just switch on

ASSET	HOW TO USE IT IN SOCIAL
Dosha quiz (Prakriti)	Your best hook. "Discover your dosha — free 2-min quiz." Runs as a lead magnet from every bio link and ad; captures email at the result screen.
Referral & vouchers	"Refer a friend, you both get RM30 off." Issue codes/QRs from admin; perfect for Stories and WhatsApp shares.
WhatsApp contact	Malaysia is WhatsApp-first. Click-to-WhatsApp on every post/ad; broadcast offers & reminders.
Email (Brevo)	Turn quiz leads & followers into a list; send seasonal offers and post-treatment review requests.
Blog	Each article becomes 1 carousel + 3 short videos — repurpose, don't create from scratch.
Online booking	Every post ends with one action: "Book at keralaayurvediclifestyle.com.my " — social → site → booking.

3. Where to focus — platforms

PLATFORM	PRIORITY	WHY & WHAT TO POST
Instagram	PRIMARY	The home base for wellness in KL. Reels (treatment b-roll), carousels (dosha tips), Stories (offers, behind-the-scenes), and a booking link in bio.
TikTok	PRIMARY	Best organic reach right now. Short, authentic Vaidya tips and satisfying treatment clips (Shirodhara oil pour). Same videos as Reels.
Facebook	SUPPORT	Reaches an older KL / family audience & local groups. Cross-post Reels; run Meta ads here alongside Instagram.
WhatsApp	CONVERT	Not for reach — for closing. Broadcasts, enquiries, booking reminders, re-engaging no-shows.

Shoot vertical video once, use it everywhere (Reels = TikTok = Facebook = Shorts). One shoot, four platforms.

4. Organic track — content system

Post around **five content pillars** so the feed stays varied and purposeful. Aim for 3–5 posts a week, mostly short video.

PILLAR	MIX	EXAMPLES
Educate	30%	"What's your dosha?", benefits of Panchakarma, Ayurveda for sleep/stress, myth-busting
Show the experience	25%	Shirodhara oil pour, herbal prep, the calm space, an abhyanga massage in motion
Proof & trust	20%	Client testimonials, before/after wellbeing, Google reviews on screen, the Vaidya's story
Offers & action	15%	First-visit offer, referral deal, festival packages, "slots this week"
Heritage & brand	10%	Authentic Kerala roots, sourcing of herbs, seasonal rituals (ritucharya)

Simple weekly rhythm

- **Mon** — Educate (carousel or talking-head Reel)
- **Wed** — Show the experience (satisfying treatment Reel)
- **Fri** — Proof (testimonial / review) + a soft CTA
- **Daily Stories** — polls ("Vata, Pitta or Kapha?"), countdowns, quick tips, re-share client tags

5. Content menu & hooks

Ready-to-shoot ideas — pick from this list each week so there's never a blank page:

- "POV: your first Shirodhara" (the oil-pour clip)
- "3 signs your Vata is out of balance"
- "Can't sleep? Try this Ayurvedic bedtime ritual"
- "What your tongue says about your health"
- "Office neck & shoulder pain? This is for KL desk workers"
- "We asked our Vaidya: what is Panchakarma?"
- Client testimonial (15-sec, face or voice-over)
- "A day at Kerala Ayurvedic Lifestyle" (behind-the-scenes)
- "Which dosha are you? Take our free quiz 🍌"
- Deepavali / Thaipusam wellness gift vouchers
- "Post-natal care the Ayurvedic way"
- "How we blend our herbal oils" (sourcing story)

Strong hook = first 2 seconds. Lead with the problem or the satisfying visual, not the logo. Always end with one clear CTA (quiz, WhatsApp, or book).

6. Paid track — ads that book

Keep paid simple: a two-step funnel on Meta (Instagram + Facebook) and TikTok.

LAYER	OBJECTIVE	AUDIENCE & CREATIVE
1. Awareness / reach	Cheap views & engagement	Boost your best organic Reel to KL, 25–55, interests: wellness, yoga, massage, spa. Goal: video views, page follows.
2. Lead / booking	Quiz leads & bookings	Drive to the free Dosha quiz or a treatment page. Offer creative ("15% off your first treatment"). Optimise for leads / landing-page views.
3. Retargeting	Close the warm audience	Anyone who watched a video, visited the site, or started the quiz → show testimonial + offer + WhatsApp. Highest ROI layer.

Budget tiers (guide)

TIER	MONTHLY	WHAT IT BUYS
Starter	~RM500–800	Retargeting + boosting 2–3 top posts. Low risk, warm audience only.
Growth	~RM1,000–2,000	Add an always-on lead/booking campaign to cold local audiences.
Scale	RM2,000+	Add TikTok ads, seasonal bursts, and 1–2 micro-influencer collaborations.

Targeting to start: location = Kuala Lumpur + 15 km (weight Brickfields, Bangsar, KL Sentral, Mid Valley). Interests: Ayurveda, wellness, yoga, spa & massage, meditation, holistic health.

7. Campaign ideas run one per month

A. "Discover Your Dosha" launch

Hero the free quiz across Reels + Stories + an ad. Quiz result → email capture → personalised treatment offer. Best top-of-funnel campaign because it gives value before asking for a booking.

B. First-visit offer

"15% off your first treatment this month." Public voucher code from admin, promoted on all channels with a deadline for urgency.

C. Refer-a-friend

Activate the referral engine: "You both get RM30 off." Give existing clients a code + QR to share on WhatsApp — turns happy customers into a channel.

D. Corporate wellness (KL offices)

Package Stress & Sleep / neck-&-shoulder therapies for companies in KL Sentral & Bangsar. Outreach via LinkedIn + a one-pager; social case studies as proof.

E. Festival & seasonal

Deepavali / Thaipusam / year-end gift vouchers and "reset" packages. Lean into authentic Kerala heritage — your key differentiator.

8. Weekly & monthly calendar

WEEK	ORGANIC FOCUS	PAID / CAMPAIGN
1	Educate + experience Reels; launch Dosha quiz posts	Boost best Reel · start retargeting
2	Testimonials + tips; Stories polls	Lead campaign → quiz
3	Offer of the month + heritage story	Booking campaign → treatment page
4	Behind-the-scenes + reviews; recap best post	Scale winners · plan next campaign

Batch-film 8–12 clips in one 2-hour session per month, then schedule. Consistency beats perfection.

9. Metrics & targets

3–5

POSTS / WEEK

+500

FOLLOWERS / MO (START)

Saves & shares

TOP ORGANIC METRIC

Cost / lead

TOP PAID METRIC

- **Organic health:** reach, saves and shares (not vanity likes) — saves signal useful content.
- **Funnel:** quiz completions → email captures → bookings. Track with the tags already in your site.
- **Paid:** cost per quiz-lead and cost per booking; kill anything above target, scale winners.
- **Review the numbers every 2 weeks** and double down on what books treatments.

10. 90-day action plan

PHASE	DO THIS
Weeks 1–2 Set up	Polish IG/TikTok/FB profiles + bio link to quiz; write the 5 pillars; batch-film the first 12 clips; connect WhatsApp click-to-chat; draft the first voucher code.
Weeks 3–6 Publish & test	Post 3–5×/week; launch the Dosha-quiz campaign; start retargeting ads; grow the email list; ask happy clients for reviews & testimonials.
Weeks 7–10 Amplify	Boost the best posts; run the first-visit-offer campaign; turn on refer-a-friend; begin corporate-wellness outreach.
Weeks 11–13 Scale & systemise	Add TikTok ads / a micro-influencer; lock a repeatable monthly content + campaign rhythm; review metrics and set the next quarter's targets.
